THE MONEY MAMMALS BOARD GAME

RULES

First, you'll need your own six-sided die (You know, one of these: ). Then cut out the game pieces on the left and place them on the start space. The youngest player goes first. Each player rolls the die, moves the piece that many spaces and follows the direction on the landing space. The first player to reach the last spot wins. To play a longer game, only allow rolls of 1, 2 and 3. If you roll a 4, 5 or 6, roll again. Have fun!
